WORK EXPERIENCE

UI/UX Designer

Limenzy Technologies   2024 - 2025
Kozhikode, Kerala

As a UI/UX Designer, I collaborate with a diverse range of international clients, designing intuitive and visually appealing websites and mobile applications that cater to global audiences. My role involves understanding client needs, creating user-centric designs, and ensuring seamless user experiences across digital platforms.

Designed eye-catching promotional posters and server maintenance graphics to effectively communicate key messages and updates. Focused on visual appeal and clarity to engage audiences and enhance brand visibility.

UI/UX Designer & Developer

Explore IT Solutions   2021 - 2023

Kozhikode, Kerala

Explore IT Solution has the best restaurant billing software. However, it is not solely a software-based company; it also undertakes numerous website, web application, and mobile application projects from various countries.

- Conduct user research and create wireframe prototypes and high-fidelity mock-ups.
- Convert high-fidelity mock-ups into a real live project and hand it over to the back-end team.
- For Expodine, do front-end development for new features, bug fixing, and poster design for promotions.

UI Designer and Developer

Mobiz   2020

Palakkad, Kerala

Mobiz is a company specializing in website and mobile app development, primarily undertaking various government projects.

- Design websites using HTML, CSS, and Bootstrap.
- Design UI for mobile apps and web.
